Quick guide to using CostaClick.net

MAIN SERVICES

To book a cruise or to simply view availability for one or more departures, just click on the booking key or on the promotion calendar key in the menu on the top left-hand side.

1. Search for cruise

To carry out a search, you need to enter at least the first departure date. If you need to check availability for a fixed time period, you have to enter both dates. Please bear in mind that the time range cannot be more than one month. Other optional details are destination, ship and port; the more details you enter, the narrower the search becomes.

Online booking

Welcome to the new Costa Cruises online booking system.

Here you will be able to check the availability of our ships, choose an option and confirm a cruise in a matter of minutes. In all steps of the booking process you will have the option of a Help button, indicated by "?". In any case you can always make use of the Help Desk, on +390105483887, from Monday to Friday from 9.00 a.m. to 6.00 p.m. Happy surfing!

1. Search for Cruise

Online booking

In order to find a cruise, you must enter a departure date. If you want to make a more specific request, indicating a ship, a departure port and a destination, the search engine will help you find an available cruise.

Date* dd month year to dd month year

Destination All destinations

Ship All ships

Port All ports

* All fields marked with an asterisk are compulsory

Cancel Continue

Costa Crociere S.p.A. Help Desk +39 010 5483887 | Minimum system requirements | Contact Helpdesk

2. Select a cruise

This page shows the departures during the requested period. Here you select the departure that you wish to check and click on “Continue” in the bottom right-hand corner. The “Back” button allows you to go back to the previous page and start a new search with whatever parameters you wish. If you click on the name of the “Itinerary details” you can see the ship’s route and you will be able to print it.

2. Select Cruise
?

The cruises on offer are those available in the period of time you specified in the previous step.

In this step the availability shown is not updated in real time, but only every 4 hours. In the following steps you will be able to check the real availability.

Green means good availability, yellow low availability, red no availability. The telephone symbol means that that cruise is for sale only through the Contact Centre on +390105483887.

Availability from 15/06/2005 to 30/06/2005

Destination	Itinerary details	Ship	Departure Date	Duration	Departure port				
Northern Europe	Baltic Heritage	Costa Europa	16/06/2005	11	AMSTERDAM

3. Select a category

This screen shows all the details previously entered on the ship, duration, departure and arrival port, and now you have to enter:

- number of passengers from 1 to 4;

- approximate passengers' age;
- passenger category: individual, honeymoon, depending on the departure you enter.

Defining the "Type of Customers" the system will calculate the exact price of the cruise applying the automatic discount considering the cumulability between promotions.

If you need to request a particular cabin number, you have to enter it in the right box and you have also to define its category. If you click on the "cabin position" button the system shows where that cabin is located on the ship. Indeed Costa Click opens a pop up visualizing an image of the deck where the cabin is indicating the precise position with a flashing little ball. If you ask for a cabin that does not exist the system will show you an empty pop up.

It is also possible to ask for a cabin with a particular facility: a cabin with double bed or a cabin for disabled persons.

If you have chosen on "Type of Customers" Honeymooner the system selects automatically just cabins with the double bed facility.

Here you can check:

Updated availability If you click here, the system gives you a list of all the ship categories indicating which are available and which are not (marked with a green or red square respectively). Then you choose the category and click on the "Continue" icon;

or click on:

Continue To click here, first you have to choose the category you want and then click on "Continue"; if available, the system gives you a choice of cabins for the pre-selected category, otherwise, if they are not available, you have to go back and choose again.

or click on

Back If you click here it takes you back to the previous page with the list of suggested cruises, where you can make a new selection.

3. Select category

?

At this stage you have already selected your cruise. Now you have to enter the number of passengers, their ages, specify type of passengers (Individuals, Honeymooner, etc.) and choose the required cabin category.

The cabin number is not compulsory; specify it only if you want to request a particular cabin number.

Itinerary details: [Grecian Splendour II](#) **Duration:** 07dd
Ship: Costa Classica **Destination:** Mediterranean

Departure: Port:VENICE date: 19-06-2005
Arrival: Port:VENICE date: 26-06-2005

Number of Customers*: **Age of Customers*** Passenger 1 Passenger 2

Age must correspond to effective age of passengers

Type of Customers*: **CostaClub:** ☐**Cabin Number** **Facility** ☐ ☐ ☐ ☐

WARNING!

Before selecting cabin type, we suggest you refresh availability by clicking on the button here on the right. This way you will be able to view real current availability.

[Availability Updated](#)

[Back](#)[Continue](#)

4. Select cabin

On this screen you can choose from various cabins corresponding to the category you selected. Before choosing, you can visit them “virtually” and show a 360° panoramic shot of them to your customer by clicking on the “category video” icon. The “ship plan” allows you to locate the exact position of the cabin on deck. After selecting the cabin, you have to enter the passenger’s name and surname and click on “make an option”.

Please note: *in order to view the cabin film you must have Apple Quick Time software, which can be downloaded for free.*

4. Select cabin

Now you just have to enter the Name and Surname of the first passenger and select one of the cabins on offer.

Itinerary details: [Grecian Splendour II](#)

Ship: Costa Classica

Duration: 07dd

Destination: Mediterranean

Departure: Port:VENICE date: 19-06-2005

Arrival: Port:VENICE date: 26-06-2005

Number of Customers: 2 Adults

Type of Customers: Individual

Cabin category: 03

Enter personal details

Enter the name and surname of the first passenger as specified on the ID document valid for foreign travel.

Surname*

Name*

Cabin	no. of beds	Facility	Category Video	Ship plan	Name of deck	Choose
5106	2 - 3				PISA	☒
5110	2 - 3				PISA	☐
5114	2 - 3				PISA	☐

* All fields marked by an asterisk are compulsory

[Back](#) [Choose an option](#)

Costa Crociere S.p.A.

Help Desk +39 010 5483887 | Minimum system requirements | Contact Helpdesk

5. Define reservation

The reservation has been selected and the system gives you the reservation number (file number) and the option date.

At this point you can:

- Exit and, if needed, confirm the reservation at another time by retrieving it from “Managing reservation”;
- Enter passengers’ personal details to complete the option by clicking on “Save data”;
- Confirm the reservation after filling in personal details by clicking on “Confirm reservation”;
- Delete the option by clicking on the “Delete option” icon;
- Start a new booking by clicking on the “Start a new booking” icon;

You can also view your commission by clicking on the “View your commission” icon on the left.

In the price details are specified: the total price for the cabin inclusive of discounts, port charges and insurances.

The system gives you also the details about the discounts and the promotions applied on the reservation.

Prom

otions calendar

To view what type of promotions are available at a given time, you have to select the month and the destination from the predefined ones in the drop-down menu and click on "View".

The system verifies the request and gives a list of the departures during that month that feature promotions; you can refine the search by clicking on a promotion.

If you are interested in a particular departure, click on the corresponding icon; the “Select category” page opens automatically, already filled in with details of the chosen departure, where you can enter the number and type of passengers and select the chosen category to view availability. You can also set up and choose a regular option from here.

Managing reservations

Any time with this feature you can retrieve a reservation, consult it, add passengers' personal details to it, complete it or confirm it.

To search for a reservation you have to click on “Managing reservations” on the menu.

This page has two fields to be filled in: surname (mandatory field) and reservation number (optional field). Once you've filled in the search parameters you just have to click on “Search” to view a list of reservations that correspond to the filters you have set.

By choosing the reservation and clicking on “View reservation” you can visualize it and make any necessary changes.

AGENCY DETAILS

User Management

CostaClick representatives can personalise the profile of agency employees.

Each employee is assigned a username and password, which allows the system to recognise the person who making the reservation. This is an additional tool that CostaClick offers as a guarantee of its services to users.

The representative can create more users (sales assistants) who will have access to CostaClick. He or she can then remove users or authorise them to have access to certain features.

In order to manage users, the agency representative just has to access the system and click on “User Management” from the left-hand side of the main page.

A list of existing users appears.

To remove a user, you just have to select him or her (by checking the “Choose” column corresponding to the desired user) and then click on “Eliminate user” at the bottom. A request to confirm the operation appears, and if you click on “OK” the user is removed and can no longer access CostaClick with his or her username and password.

To change a user’s profile, you just have to choose him or her and click on “Change user”: in the following screen you have to change his or her details inserting his or her password and save them by clicking on “Confirm change”.

To create a new user, just click on “Create new user”. A new page appears where you have to enter all the user’s details.

Also, the following duties can be assigned to each user by clicking on the relevant boxes:

- **CREATING AND MANAGING RESERVATIONS:** the sales assistant is authorised to create new reservations on CostaClick and manage all open reservations. If just this box is selected the user wont be able to view the details about the commission of the agency and also he/she wont be able to view the productivity report.
- **ECONOMIC PRODUCTIVITY:** the sales assistant is authorised to view economic productivity reports relating to the reservations made with Costa Crociere S.p.A. and if just this box is selected he/she wont be able to make new bookings.

If no boxes are marked the user will be able to check on Costaclick just the availability of Cruises.

User Management

[Back to Homepage](#) [Exit](#)

In this section you can create, change or delete users at your agency. Each user can have a different profile according to his or her specific tasks.

USER MANAGEMENT

If this is the first time you've entered CostaClick you will have to create your own users, giving them the most appropriate profile for their function within your organisation.

If you have already created your users and you want to change their profile or delete them altogether, select one at a time and use the function buttons at the bottom of the page.

Within the profile you will find the various functions that single users are authorised to perform:

 User is authorised to manage and create reservations;

 User is authorised to view reports and productivity;

 User is only authorised to view reservations.
